Workshop Subject: A Solution to get an Open “Automatic Fare Collection” Payment Standard in Thailand

Version of the document: V4.1

Objective:

A half-day workshop will introduce the future of transit fare collection. The workshop is being hosted by the Electronic Transactions Development Agency (ETDA) and the OSPT Alliance in conjunction with the Office of Transport and Traffic Policy and Planning (OTP).

The event will feature an introduction to the CIPURSE™ open standard, from the OSPT Alliance, as well as industry perspectives on the direction of intersecting transit fare technology, open standards, and mobility trends. Attendees will learn how important it is to introduce an Open Standard for Public Transportation from an operator standpoint, as well as the impact of an Open Standard in terms of security and product certification.

Place: Grand Centre Point Ratchadamri Hotel at Room: Ratchapruerk, M Floor.
